

This Disclosure summarizes important points for you to consider before you purchase Standard Insurance Company's (The Standard's) Stable Income Annuity.

The Stable Income Annuity (SIA) is a single-premium immediate annuity. You purchase the annuity with one premium payment or with annuitization of your annuity funds under a deferred annuity. You select the payment option that best suits your needs, and you select the payment frequency for which you would like payments to be made.

The main purpose of an immediate annuity is to receive annuity payments over a period of time. A payment option that provides for payments for a person's lifetime is often elected in order to ensure that the person does not outlive that person's income or assets. Payments received prior to age 59½ are subject to a 10% IRS penalty unless an exception applies.

If you have any questions about the SIA, please ask your broker or financial advisor. You may also contact us at the phone number shown above.

THE ANNUITY CONTRACT *How do I get an immediate annuity started?*

Annuity An immediate annuity allows you to pay a premium for the contract, select a payment option and payment mode, and begin to receive payments immediately after the end of the first payment mode has passed. The maximum payment frequency for an immediate annuity is annually.

Annuitant The annuitant is the person on whose life any life-contingent payment options are based.

Owner The owner is the person or entity who has purchased the contract and to whom the contract is issued.

Issue Age A SIA may be issued for owners age 18-90 and for annuitants age 0-90.

Contract Effective Date The SIA's effective date is the date premium is received in The Standard's home office. The effective date is shown in the contract's data page.

Premium A SIA may be established with premium of \$15,000 to \$1,000,000 (or more with prior home-office approval).

ANNUITY BENEFITS *How are my annuity benefits paid from my immediate annuity?*

Payment Option You have numerous payment options from which to select how you will be paid annuity benefits. The payment option you have elected is described in the contract's data page.

Payment Mode You select how often you would like to be paid the annuity benefit. Examples: monthly, quarterly, semi-annually, annually. The payment mode you have selected is shown in the contract's data page.

Annuity Benefit The Standard determines your annuity benefit amount based on the premium you have paid, and the payment option and payment mode you have elected. The annuity benefit is shown in the contract's data page.

Annuity Benefit Commencement Date Typically, the date annuity benefits begin is after the end of the first payment mode. For example, if you choose a monthly payment mode, the first annuity benefit is paid one month after the contract effective date. Payment of annuity benefits must begin no later than 13 months after the contract effective date. The annuity benefit commencement date is shown in the contract's data page.

PAYMENT OPTIONS *What are my payment option choices?*

Life Income We will pay benefit payments while the annuitant is living. Benefit payments will automatically cease upon the death of the Annuitant.

Certain Period We will pay benefit payments for the certain period you selected on the application for the contract. If the annuitant dies before the certain period ends, we will continue the benefit payments to the beneficiary. Benefit payments will automatically cease as of the end of the certain period.

Life Income with Certain Period We will pay benefit payments while the annuitant is living. If the annuitant dies prior to the end of the certain period selected on the application for the contract, (a) benefit payments will continue to the beneficiary until the certain period ends; and (b) benefit payments to the beneficiary may be commuted to a lump-sum payment. If the annuitant is still living at the end of the certain period, payments will continue until the annuitant dies.

Life Income with Installment Refund We will pay benefit payments while the annuitant is living. If the annuitant dies before the total of all paid benefit payments equals the amount of premium paid for the contract, we will pay benefit payments to the beneficiary until the total of all paid benefit payments equals the amount of premium paid for the contract. Benefit payments to the beneficiary may be commuted to a lump-sum payment.

Joint and Survivor Life Income We will pay benefit payments while either annuitant is living. Upon the death of either annuitant, we will continue the benefit payments at 100%, 75%, 66 2/3% or 50% (according to your election on the application for the contract) for the life of the surviving annuitant. Benefit payments will automatically cease upon the death of the last annuitant.

Joint and Survivor Life Income with Certain Period We will pay benefit payments while either annuitant is living. If both annuitants die prior to the end of the certain period selected on the application for the contract, (a) benefit payments will continue to the beneficiary until the certain period ends; and (b) benefit payments to the beneficiary may be commuted to a lump-sum payment. If either annuitant is still living at the end of the certain period, benefit payments will continue until the last annuitant dies.

Joint and Survivor Life Income with Installment Refund We will pay benefit payments while either annuitant is living. Upon the death of either annuitant, we will continue the benefit payments for the life of the surviving annuitant. If the last annuitant dies before the total of all paid benefit payments equals the amount of premium paid for the contract, we will pay benefit payments to the beneficiary until the total of all paid benefit payments equals the amount of premium paid for the contract. Benefit payments to the beneficiary may be commuted to a lump-sum payment.

Joint and Contingent Survivor Life Income We will pay benefit payments while both annuitants are living. If the primary annuitant dies first, we will continue the benefit payments at 50% to the surviving annuitant. If the contingent annuitant dies first, we will continue the benefit payments at 100% to the surviving annuitant. Benefit payments will automatically cease upon the death of the last annuitant.

DEATH BENEFITS *What happens if I die?*

If annuity benefits are payable after you die, annuity benefit payments will be paid to your beneficiary or to the surviving annuitant, according to your selected payment option. Benefit payments to a beneficiary may be commuted to a lump-sum payment.

OPTIONAL FEATURE *Are there any other optional features I should know about?*

Inflation Protection On many of our payment options we offer a feature that may guard against the effects of inflation while annuity benefits are paid. Our inflation protection feature allows you to select an annual increase of your annuity benefit by 1%, 2%, 3%, 4% or 5%, as elected by you on the application for the contract. If you elect this feature, the increased annuity benefits begin one year after the first payment is made and would increase annually thereafter.

OTHER INFORMATION *What else do I need to know?*

- You have 30 days to look over the annuity contract. You may return the contract to the agent who sold it or our home office within that 30 days. Any premium paid, including any contract fees or other charges, will be refunded, less any benefits paid, and the contract will be void and considered never in force.
- We pay a commission to the agent, broker or firm for selling you the annuity.
