## Federal income tax withholding – Instructions

### General Instructions for Section 5 – Federal income tax withholding

This section replicates information on *IRS Form W-4P* and serves as a substitute for that form. It is required by the IRS to be included in its entirety with this form. For additional information, go to [www.irs.gov/FormW4P](http://www.irs.gov/FormW4P).

**Purpose of this section** is to withhold the correct amount of federal income tax from your MERS Defined Benefit pension. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (monthly) over a period of more than 1 year. For more information on withholding, see *IRS Pub. 505, Tax Withholding and Estimated Tax*.

**Choosing not to have income tax withheld.** You can choose not to have federal income tax withheld from your payments by writing “No Withholding” in the space below Step 4(c) then submitting this form.

Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

**Caution:** If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new *IRS Form W-4P*.

**When to use the estimator.** Consider using the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) if you:

1. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
2. Receive these payments or pension and annuity payments for only part of the year.

**Self-employment.** Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to figure the amount to have withheld.

**Payments to nonresident aliens and foreign estates.** Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

**Tax relief for victims of terrorist attacks.** If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, write “No Withholding” in the space below Step 4(c). See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

### Specific Instructions for Section 5 – Federal income tax withholding

**Step 1.** Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

**Step 2.** Use this step if you have at least one of the following: (1) income from a job or more than one pension/annuity, and/or (2) a spouse (filing jointly) that receives income from a job/pension/annuity.

**Example 1.** Bob, a single filer, is completing this form for a MERS pension that pays \$50,000 a year. Bob also has a job that pays \$25,000 a year. Bob has no other pensions or annuities. Bob will use an IRS Form W-4P to enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii). If Bob also has \$1,000 of interest income, which he entered on IRS Form W-4, Step 4(a), then he will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). He will make no entries in Step 4(a) on this form.

**Example 2.** Carol, a single filer, is completing this form for a MERS pension that pays \$50,000 a year. Carol does not have a job, but she also receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Carol will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(iii). If Carol also has \$1,000 of interest income, then she will enter \$1,000 in Step 4(a) of this form.

**Example 3.** Don, a single filer, is completing this form for a pension that pays \$50,000 a year. Don does not have a job, but he receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Don will not enter any amounts in Step 2.

If Don also has \$1,000 of interest income, he won't enter that amount on this form because he entered the \$1,000 on the IRS Form W-4P for the higher paying \$75,000 pension.

## Defined Benefit Monthly Pension Beneficiary Application

**Example 4.** Ann, a single filer, is completing this form for a pension that pays \$50,000 a year. Ann also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Ann will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Ann also has \$1,000 of interest income, which she entered on Form W-4, Step 4(a), she will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). She will make no entries in Step 4(a) of this form.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

### CAUTION:

**Multiple sources of pensions/annuities or jobs.** If you (or if married filing jointly, you and/or your spouse) have a job(s), or a different pension/annuity that pays higher than this MERS pension, do NOT complete Steps 3 through 4(b) in this section. Instead, complete Steps 3 through 4(b) on IRS Form W-4P for the job or highest paying pension/annuity.

If you (or if married filing jointly, you and/or your spouse) do not have a job or a higher paying pension/annuity, complete Steps 3 through 4(b) on this form for only this MERS pension.

**Step 3.** This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see *IRS Pub. 501, Dependents, Standard Deduction, and Filing Information*. You can also include **other tax credits** in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

### Step 4 (optional).

**Step 4(a).** Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your pension, see *IRS Form 1040-ES, Estimated Tax for Individuals*.

**Step 4(b).** Enter in this step the amount from the *Deductions Worksheet* (bottom of the last page), line 6, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions. This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for student loan interest and IRAs.

**Step 4(c).** Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe.

**Note:** If you don't provide any information in this Section, then MERS will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2024, your current withholding election (or your default rate) remains in effect unless you submit a new *IRS Form W-4P*, including this substitute Form W-4P.

## Worksheet to Estimate Michigan State Withholding for Taxpayers Born After 1952 and Reached Age 67

Recipients born after 1952 that have reached age 67 may choose to either (1) deduct the personal exemption amount and taxable Social Security benefits, military compensation (including retirement benefits), Michigan National Guard retirement benefits, and railroad retirement benefits included in adjusted gross income, or (2) claim a deduction against all income of \$20,000 if single or married filing separately, or \$40,000 if filing jointly.
