

## MERS-to-MERS Service Verification Form

### Who should use this form...

Participants who have worked for more than one participating MERS employer may be eligible to use their service credit of 12 months or more to help meet their vesting and early retirement eligibility requirements. The following conditions apply:

- The break in service from another MERS employment cannot exceed 20 years (or 15 years if the termination date occurred prior to March 11, 2009).
- The service you are trying to credit was time with a MERS employer.
- You must have a minimum of 12 months of service with both MERS employers.
- Service cannot be concurrent/overlapping.
- If your service is from a Defined Benefit plan, those contributions must remain on deposit.

Combining of service may not impact a forfeiture of non-vested assets in a defined contribution account; a forfeiture occurs when a full distribution is processed or 12 months has lapsed since termination.
