# MERS Health Care Savings Program

## About the Plan

The MERS Health Care Savings Program is designed to help you prepare for the costs of health care after you leave your employer, with an invested account you manage. It's an employer-sponsored program providing a **tax-free** medical savings account for covering the costs of post-employment medical expenses. Your account is available to use for you, a spouse and any legal dependents, as well as a named primary and contingent beneficiary.

Your MERS Health Care Savings Program is not the same as a health savings account or flexible spending account.

### How it Works

**Step 1**

Employer and employee groups work together to design the contribution structure using four types of contributions

**Step 2**

Individual employee accounts are invested and grow tax-free

**Step 3**

Upon separation of employment, regardless of age, the account becomes available for tax-free medical expense reimbursement

## Contributions

There are several ways contributions can be made into your Health Care Savings Program account.

**Employer Contributions** are either a fixed dollar amount or a percentage of salary.

Your Employer Contributions:

**Mandatory Salary Reductions** are a required fixed dollar or percentage of salary.

Your Employee Contributions:

**Leave Conversion Contributions** allows you to contribute all or a portion of unused leave. Some examples of leave include vacation, personal time, sick time, or severance.

**After-Tax Voluntary Employee Contributions** allow you to contribute to your account on a voluntary, after-tax basis, which means these contributions are submitted by your employer after taxes. You may start or stop these contributions at any time.

## Vesting

Vesting is your eligibility to claim your employer contributions. It is based on a required amount of time you must work (or other service credit) to qualify. Check with your employer to see what that requirement is for your position. Employee contributions; however, are always yours to keep and do not require vesting eligibility to claim after employment.

## Using Your Account

You can begin using the money in your account after separating from this employer, collecting disability, or on extended medical leave. At that point, you will be issued a debit card for qualified expenses or you can request reimbursement.

## Estimate Your Savings

Our convenient online calculators enable you to estimate what your financial future may look like and help you make the choices that make the most sense to reach your goals. Look for Calculators under Resources at [www.mersofmich.com](http://www.mersofmich.com).

## Who is MERS?

MERS is an independent, professional retirement services company that serves local units of government across the state of Michigan. MERS listens and works in partnership with our members to deliver a superior value that meets our members' needs.

## Name Your Beneficiaries

In the event of your death, a spouse and legal dependent(s) can continue to use your account for reimbursement of medical expenses. MERS will work with the spouse/legal dependents and inform them of how to use the account on a tax-free basis.

If you don't have a spouse or legal dependent(s) at the time of your death, your beneficiary will be able to access your account on a taxable basis. You may name one Primary Beneficiary and one Contingent Beneficiary.

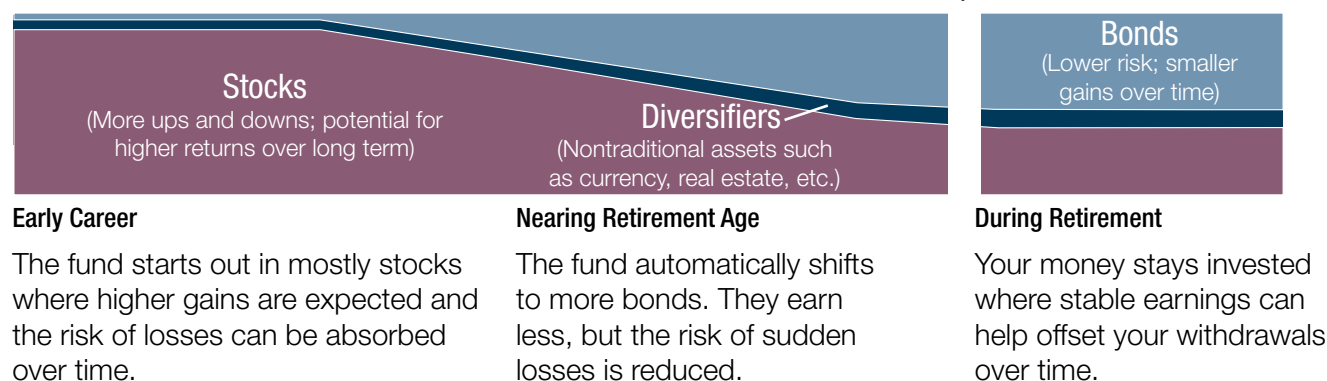

You may change your beneficiary at any time, before or after you leave your current employer.

## Invest Your Money

While you can't control the markets, you can control where your money is invested. Initially, your money will be invested in an age-appropriate **LifePath** target date fund to help you work toward your retirement goals.

### How LifePath Target Date Funds Work

First, you select the year you expect to retire.

You can change your investment allocation online after you sign up for your myMERS account. For more information on your investment options, please visit our website.
