

MERS Employer

As part of our commitment to supporting secure retirements for those who serve Michigan communities, MERS is transitioning to a new recordkeeper partner, **Empower**. You and your employees will continue to have MERS at your side, but now with the added strength of Empower's industry-leading tools and resources.

This QR code links to information to help support you through the transition, including key dates, FAQs, payroll reporting impacts, and a list of communications sent to employers and participants this past year.

We're almost there – now is the time for a final look at what you need to know to be prepared when the transition goes live the week of March 23, 2026. Visit **mersofmich.com/Microsite/Empower**.
